Nick Mayer Buick GMC of Dickson — Brand Guideline

Reconstructed from existing sources on 2026-07-17. Every value is traced to its source; open questions are listed for the brand owner. Confidence: H (primary source), M (secondary), I (inferred).

*Primary source: the dealership **homepage** (`sources/home.html`, captured 2026-07-17), a **DealerOn** site for a GM (Buick + GMC) dealer. The page exposes the dealer's theme tokens in a `:root` block (`--main-color`, `--cta-*`) and bundles its body font, so the site's own color/type values are readable. **OEM caveat:** the site's charcoal + indigo scheme is the **dealer's DealerOn theme**, not the OEM colors — Buick and GMC each have their own brand identities (GMC's "Professional Grade" red/black; Buick's refined blue/silver tri-shield). Confirm against GM's Buick and GMC standards.*

---

1. Brand Foundation

- **Positioning (from copy):** "Explore new and pre-owned Buick, GMC vehicles at Nick Mayer Buick GMC of Dickson, TN. Shop inventory, find deals, and schedule your test drive today!" — a local Buick/GMC retailer for the Dickson / middle-Tennessee area.
- **Mission / vision / values:** `[NEEDS INPUT]` — no formal statement published. *Source:* home.html meta + body · *Confidence:* M (positioning) / I (values)

2. Brand Personality & Positioning

- **Positioning:** authorized **Buick + GMC** dealer (new, used, service, parts), plus GM's **CarBravo** used-vehicle program.
- **Audience:** Buick and GMC shoppers/owners across Dickson and middle Tennessee.
- **Personality / archetype:** *inferred* — local, value-and-deals-forward ("find deals," employee-pricing offers), truck/SUV-oriented (GMC). *Source:* home.html copy + creative · *Confidence:* M (positioning) / I (archetype)

3. Logo System

- **Marks present:**
- **GMC** wordmark (OEM) — `assets/logos/transparent/gmc.png`.
- **Buick** wordmark (OEM) — `assets/logos/transparent/buick.png`.
- **CarBravo** (GM used-vehicle marketplace) — `CarBravo-Logo.png`.
- **DealerOn** platform logo — `DealerOn_darkgray.png`.
- **Dealer creative** — promo banners under `static/dealer-31568/…` ("NMGD" = Nick Mayer GMC Dickson; "employee-pricing-gmc-models").
- **Files secured:** web raster (PNG). No vector (SVG/EPS) master; no single dealer logo lockup captured.

- **Clear space / min size / misuse:** `[NEEDS INPUT]` — governed by GM's Buick and GMC brand standards; not derivable from the site. *Source:* home.html asset references · *Confidence:* M (which marks exist) / I (specs)

4. Color Palette

The dealer's DealerOn theme tokens are present in `:root` (real values, high confidence **as the site theme**). **These are not the Buick/GMC OEM colors** — see the OEM caveat above.

Role	HEX	RGB	CMYK (approx.)	Source	Conf.
Primary (site "main")	#3f4443	63,68,67	7,0,1,73	`--main-color`	M
CTA (dark indigo)	#1e1a34	30,26,52	42,50,0,80	`--cta-background-color`	M
CTA hover (indigo)	#383065	56,48,101	45,52,0,60	`--cta-hover-color`	M
Neutral dark	#333333	51,51,51	0,0,0,80	inline CSS	M
Neutral grey	#777777	119,119,119	0,0,0,53	inline CSS	M
White	#ffffff	255,255,255	0,0,0,0	base	M

Excluded from the brand palette on purpose: the usual Bootstrap state colors (link blue, success green, danger red, warning amber, info) surfaced as framework defaults — not brand.

Contrast (WCAG): all strong — charcoal `#3f4443` 9.91:1, CTA indigo `#1e1a34` 16.77:1, hover `#383065` 11.81:1 on white; white text on the dark-indigo CTA passes cleanly (a solid, accessible CTA, unlike a light-coral button).

5. Typography

- **Body / UI: Lato** — bundled via `@font-face` in weights Regular/Medium/Semibold/Bold/Black. High confidence (real served font).
- **Additional faces:** two **Typekit** kits are loaded (`use.typekit.net/gpc7ewp.css` and `hrx7xqc.css`) plus a Segoe UI fallback bundle; the specific Typekit family names are **not in the captured source**.
- **Type scale / weights:** `[NEEDS INPUT]`. *Source:* home.html @font-face + Typekit refs · *Confidence:* H (Lato) / I (Typekit faces + scale)

6. Imagery & Photography

- *Inferred:* GMC truck/SUV-forward and offers-driven creative (employee-pricing banners), on DealerOn/ dealer assets. **Subject / mood / treatment:** `[NEEDS INPUT]` — governed by GM imagery standards. *Source:* home.html · *Confidence:* I

7. Iconography & Graphics

- Icon fonts in use: **do-icons** (DealerOn), **Font Awesome**, **Glyphicons Halflings**. Icon spec `[NEEDS INPUT]` — platform icon sets, not a brand-defined system. *Source:* home.html · *Confidence:* I

8. Layout & Grid

- **Platform:** DealerOn (Bootstrap-based grid). Grid / spacing / container widths `[NEEDS INPUT]`. *Source:* home.html · *Confidence:* I

9. Voice & Tone

- **Traits (*inferred*):** local, straightforward, deals/value-forward.
- **Examples (verbatim):** "Shop inventory, find deals, and schedule your test drive today!"
- **Tone shifts / banned terms:** `[NEEDS INPUT]`. *Source:* home.html copy · *Confidence:* I (traits) / M (quote)

10. Digital Application & Identity Details

- **Legal / display name: Nick Mayer Buick GMC of Dickson** (52 occurrences; meta + body). See the name-consistency flag below.
- **Tagline / campaign:** none formal; current campaign is GM **employee pricing** offers. `[NEEDS INPUT]`.
- **Address (NAP): 2211 Highway 46 South, Dickson, TN 37055** (schema `streetAddress` + body).
- **Phone: Sales 615-639-0282** (the main line found on the page). Service/Parts dept lines `[NEEDS INPUT]` — confirm whether they differ from the main number.
- **Social handles:** Facebook `/NickMayerChevroletBuickGMCofDickson` · YouTube channel `UCa4fDYxcaAd79hgqQQ_25Lg`. No Instagram/Twitter link captured. *Source:* home.html + schema · *Confidence:* M

> ⚠ **Name-consistency flag (`[NEEDS INPUT]`).** The site brands itself **"Buick GMC,"** but the **Facebook page is `NickMayerChevroletBuickGMCofDickson`** (includes **Chevrolet**) and a Chevrolet / CarBravo asset path is present. Confirm the correct entity name — is this store "Nick Mayer Buick GMC of Dickson" or "Nick Mayer **Chevrolet** Buick GMC of Dickson"? Downstream pages, schema, and citations must use one consistent name.

Open Items — for the brand owner (`[NEEDS INPUT]`)

1. **Entity name (priority).** Resolve "Buick GMC" vs "Chevrolet Buick GMC" (the Facebook handle and a Chevrolet/CarBravo asset suggest Chevrolet is also carried). Lock one canonical name for schema/NAP/citations.
2. **GM (OEM) brand standards.** Provide Buick and GMC brand guidelines — logo lockups (clear space, min size, misuse) and the official Buick/GMC palettes (the site's charcoal/indigo is the **dealer DealerOn theme**, not OEM color).
3. **Typography.** Name the two Typekit families (`gpc7ewp` , `hrx7xqc`) used for display/headlines; Lato is confirmed for body.
4. **Phone departments.** Confirm Service and Parts numbers vs the main Sales line (615-639-0282).
5. **Dealer brand kit.** Vector dealer logo/lockup files and any standing tagline.
6. **Social set.** Confirm Instagram/X handles and the canonical Facebook page name (reconcile the "Chevrolet" in the current handle).
7. **Type scale, imagery, iconography, grid.** Supply the design-system/DealerOn theme values to complete sections 5–8.

This guideline is Nick Mayer Buick GMC of Dickson's own document, reconstructed for review. It is not an internal QA report. The site's color values are the dealer's DealerOn theme (real tokens, not the Buick/GMC OEM palettes), and Lato is the confirmed body font. Resolve the `[NEEDS INPUT]` items — especially the entity-name and OEM-standards questions — before treating any value as final.
